

Polar CM287-A G-Series Multideck Display Fridge 918mm

Elevate your impulse sales with the **Polar G-Series Multideck Display Fridge 918mm**. This exceptional unit is engineered to maximize the appeal of your chilled food and drinks, boasting a generous 390-liter capacity and outstanding cooling performance. Its sleek design, combined with energy-efficient features, makes it an indispensable asset for any self-service or assisted service environment.

Constructed from sturdy stainless steel and fitted with durable castors, the CM287-A offers unparalleled ease of positioning and cleaning. User-friendly digital temperature controls ensure precision, while eye-catching LED lighting and lockable sliding glass doors not only enhance product visibility but also significantly reduce running costs and improve stock security.

Key Features for Optimal Performance

- Perfect for maximising impulse sales of chilled food and drink.
- Eye-catching LED lighting and lockable sliding glass doors reduce running costs and enhance security.
- Sturdy stainless steel construction paired with durable castors for effortless relocation and maintenance.
- Front-mounted digital display provides easy temperature control and clear monitoring.
- Designed for demanding everyday commercial use in environments up to 32°C.
- Features 3 sturdy adjustable shelves to maximize storage flexibility and display options.
- Time-saving easy-clean stainless steel construction ensures hygiene and longevity.
- User-friendly digital temperature controls and display for precise climate management.
- Four robust castors along with two adjustable feet allow for convenient installation and precise positioning.
- Automatic defrost maximizes efficiency and maintains consistent cooling performance.
- Fan-assisted cooling technology ensures rapid temperature recovery, even with frequent door openings.
- Energy-efficient internal LED lighting brilliantly showcases your products.

Technical Specifications

Capacity	390Ltr
Dimensions (H x W x D)	1450 x 918 x 792mm
Dimensions - Packed (H x W x D)	1610 x 990 x 920 mm
Material	Stainless Steel & Glass
Power Type	1.3kW
Refrigerant	R290 / GWP 3
Temperature Range	2°C to 12°C
Voltage	220-240V
Weight	137.5kg
Warranty	2 Years

Ambient Temperature Range

5°C to 32°C
