Fryer Oil Disposal System

ODS 305

The unappealing job of draining, transporting and disposing of spent frying oil becomes much easier with the Henny Penny ODS 305.

Simply roll out the fryer filter pan, roll in the ODS 305 and drain. No tilting, stooping or lifting involved. A hinged lid latches shut to form a tight seal around the drain pan, preventing spills during transport. The load is easily transported on two large 7 in (178 mm) rear wheels.

A one-piece discharge pipe swings out to either side for convenient disposal. The powerful manual pump is located at the ideal height, making pump out fast and easy.

Standard Features

- Powerful manual pump empties 20 kg (44 lb) of oil in less than a minute
- Low profile, 7.5 in (191 mm) pan height allows unit to roll under nearly any fryer for direct draining
- Check valve insures consistent pump priming
- One-piece discharge pipe swings at height to clear most containers
- Easy-grip retainer screw locks swing pipe into any convenient position
- Hinged drain pan lid latches closed over perimeter seal to prevent spills
- Swivel casters in front, large 7 in (178 mm) rear wheels for smooth, stable transport
- 2-year parts/1-year labor warranty

ODS 305 fryer oil disposal system

Dimensions

Width	15.62 in	(397 mm)
Width pan	12.00 in	(305 mm)
Depth	33.00 in	(838 mm)
Height	49.25 in	(1251 mm)
Height to discharge	43.50 in	(1105 mm)
	33.90 in	(861 mm) w/extension
Height drain pan	7.50 in	(191 mm)

Crated

Length	30 in	(762 mm)
Depth	21 in	(533 mm)
Height	20 in	(508 mm)
Volume	7.3 ft ³	(0.20 m ³)
Weight	62 lb	(28 kg)

Oil capacity

20 kg	(44 lb)
