# INDUCTION COOKTOPS

PEB24i

## Standard features and benefits

- 3.5 kW round induction zones
- Minimum functional pan diameter - 120mm
- Automatic pan detection and automatic switch off when the pan is removed
- Automatic power adjustment when the surrounding temperature rises too high or in case of empty pan heating to prevent overheating
- 4 mm thick SCHOTT Ceran glass cooking surface for energy efficiency and exceptional performance
- Modular induction zones sections for easy maintenance
- Precise temperature control for each induction burner section with infinite control knob
- Heating ON indicator lights
- If there's an issue, the LED light will blink error codes, helping diagnose and fix minor problems
- Internal cooling fan to keep internal electronics cool
- Stainless steel construction
- Adjustable height non-slip feet, ensuring a secure and stable position

### Other options

- Bench mounted
- Stand with undershelf
- Cupboard stand
