

Bain Maries

Woodson large bain maries offer double-skinned air-insulated construction and a multiple element design.

The flush, smooth design allows these bain maries to fit easily into any custom bench space.

Thermostat controls

FEATURES & BENEFITS

- Stainless steel construction with double-skin air-insulated bain marie tank for improved safety
- Can be run in wet or dry operation modes
- Multiple elements to provide even, responsive heat and greater reliability
- Thermostat controls with a clear thermometer readout
- Full size gastronorm cavity to take your choice of either 65mm or 100mm deep pan combinations
- Large 15mm tap-style rear drain for fast and safe draining
- Non slip feet as standard
